**ABOUT GAUDENZIA:**

In 1968 in Philadelphia, a group of business, political, and community leaders, as well as people in recovery from drug and alcohol use, recognized a serious problem: a growing number of people affected by addiction were unable to find help. Gaudenzia was founded to help meet this need. Since then, it is estimated that Gaudenzia has admitted into treatment over 250,000 individuals.

Gaudenzia began as a single facility. Today we operate 180 programs at 105 facilities throughout Pennsylvania, Maryland, Delaware and Washington DC. Now serving about 19,791 individuals annually, Gaudenzia helps individuals and families affected by drug and alcohol dependency, mental illness and related conditions to achieve a better quality of life and become accountable individuals.

Gaudenzia continues to improve and expand our services, helping individuals and their loved ones overcome the ravages of addiction to drugs and alcohol.
