Throughout Fiscal Year 2019/20, Gaudenzia remained focused on and committed to helping people get the treatment that they need and deserve. Simultaneous to the COVID-19 pandemic, our nation endured social discord as well as a sagging economy.

We used this time to adapt to the new reality and modernized our internal systems and services by improving and revamping the agency’s policies, protocols and procedures. Thanks to extraordinary hard work and dedication to our clients, Gaudenzia maintained our status as the premier treatment provider throughout Pennsylvania, Maryland and Delaware.

Moreover, we placed an increased emphasis on teamwork, compassion and caring for the people who turn to us for help, and expanded the menu of services for individuals in our care. This included medication-assisted treatment. In addition, we addressed the unanticipated need for personal protective equipment, and we strictly adhered to the guidelines set forth by the Centers for Disease Control and Prevention (CDC) to protect our clients and staff.

Among our accomplishments in 2019/20 was the launching of a confidential, 24/7 Treatment and Recovery Hotline. Callers may now reach a skilled agent at any time and from anywhere. A person needing help can get quick access to screening, referral scheduling and transportation assistance to inpatient programs.

Another highlight of the year was the agency’s ability to pivot to telehealth as soon as the severity of COVID-19 became apparent. Because of this, Gaudenzia’s mental health and substance abuse treatment services were able to continue uninterrupted.

Telehealth allows a person to receive intensive treatment without requiring them to leave the comfort and safety of their home. After much research, we identified a telehealth technology called MeUCare.com that is HIPAA compliant, optimized for use with group therapy and is also user-friendly.

Throughout 2019/20, Gaudenzia demonstrated that we continue to help people in need and help erase the stigma of addiction. As you look through the information contained in this annual report, we hope that the respect, caring and compassion for Gaudenzia’s mission will jump to life, thanks to the unwavering commitment of our employees, volunteers and donors. At Gaudenzia, we don’t just save lives… we save generations!
TOP 5 Areas of Client Satisfaction

RESIDENTIAL SERVICES
- Respectful of gender
- Respectful of sexuality
- Confidence in skills taught
- Understandable materials
- Understandable options

OUTPATIENT SERVICES
- Reasonable wait time for services
- Respectful of gender
