

RECOVERY MATTERS.

Families are losing
the people they love.
We can change that.

GAUDENZIA

ADDICTION TREATMENT & RECOVERY SERVICES

EVERYONE DESERVES A CHANCE.

For more than 50 years, Gaudenzia has worked toward its mission to promote long-term recovery by providing comprehensive treatment and support to people with substance use disorder, co-occurring mental health disorders, and related conditions, regardless of individual circumstances.

EQUITABLE CARE. COMMUNITY SUPPORT.

Gaudenzia believes in the strength of all people. That's why our compassionate team members collaborate with clients to understand their unique needs and provide evidence-based and person-centered care that is trauma-informed, gender-responsive, and culturally responsive.

As a safety net provider for our most vulnerable community members, Gaudenzia doesn't turn anyone away, regardless of their ability to pay. But we cannot do it alone. This lifesaving work can only be sustained with the help of our dedicated network of community-based partners, the expertise of individuals with lived experience, and generous supporters like you.

Your community needs you. Give today at gaudenzia.org/give.

SUPPORT RECOVERY

We treat substance use and co-occurring disorders with a full continuum of residential and outpatient care, but we know it takes more to make recovery sustainable. That's why Gaudenzia works to address the unique needs of each client, from connecting individuals to medical providers, vocational training, and housing support, to expanding telehealth options that make quality care accessible to all.

Your gift of \$500 could help provide access to vital resources including job training, financial literacy and educational opportunities.

KEEP FAMILIES TOGETHER

Gaudenzia is proud of being one of the first providers in the nation to offer treatment programs specifically designed to meet the complex needs of pregnant women and women with children. By empowering women with a supportive environment where they can bring their children with them while they receive treatment, our programs reunite families, strengthen vital bonds, and heal future generations.

Your gift of \$1,500 could help create a safe, welcoming space for a mother and child to heal together.

COMBAT HOMELESSNESS

Gaudenzia believes the safety and stability of secure housing is an essential part of recovery, yet many of our clients have nowhere to go. Affordable housing remains inaccessible to thousands of people in our communities. That's why we offer supportive housing services that keep individuals and families safe as they rebuild their lives in recovery.

Your gift of \$2,500 could provide one month of rental assistance to support a family while they work towards independence.

"For a long time, I thought that I was not worthy of living a productive life and couldn't live without a substance. By gaining tools, building a support system, and changing my thought process, I have been able to reap the benefits of a beautiful life in recovery thanks to Gaudenzia."

- Kristen P., Former Client and
Gaudenzia Team Member

KRISTEN'S STORY: COURAGE AND RESILIENCE

When Kristen was just 13 years old, substances like alcohol, marijuana, and prescription pills helped her cope with low esteem, but the issue quickly spiraled out of control. Years later, she would find herself in prison feeling broken, hopeless, and alone, all while navigating the loss of her son's father. While she had attempted treatment before, she was determined to put in the work and accept the steadfast care provided by Gaudenzia.

Kristen recovered. Today, she's not only an integral part of Gaudenzia's team, but a dedicated mother who recently welcomed a baby girl into her family. Your support helps people like Kristen reclaim their lives.

ABOUT GAUDENZIA

Gaudenzia, Inc. is one of the largest nonprofit drug and alcohol treatment and recovery centers in the eastern United States, with over 50 facilities operating in Pennsylvania, Maryland, Delaware, and Washington, D.C. The agency serves about 15,000 individuals annually and operates 120 treatment programs providing a full continuum of care.
